

Shimon Danon's Family, His Sister Simha Moshe Danon And Her Son Iosif Iosif

This is a photo of my family and my sister Simha with her son Iosif in Sofia in 1962. My sister is a senior research professor in medical hygiene. Some 10 years ago Iosif was part of the Bulgarian delegation for an official visit to the Pope as a representative of the Bulgarian Jewish community. He is a doctor. They are all doctors in our family.
