

## Beno Ruso's Wife's Brother Mois And His Friends In Israel

This picture was taken in Israel. Mois, my wife's brother, is the one wearing glasses (second from the left). Zak Kalderon, Simo Kalderon's brother, is on the left. Of course I knew Mois and Pepo (Kamhi) before I married Roza. I told you that for some time I worked collecting scrap metal. I had one boss and Mois had another. Sometimes we would have a fuss. Customers would come to us and they would yell across that they will pay more. We were competition.
